

By using your Facebook profile to login to HNB internet banking, your e-banking profile information becomes linked and updated, including your profile picture, name, contact details, and etc.

Navigation to login with Facebook

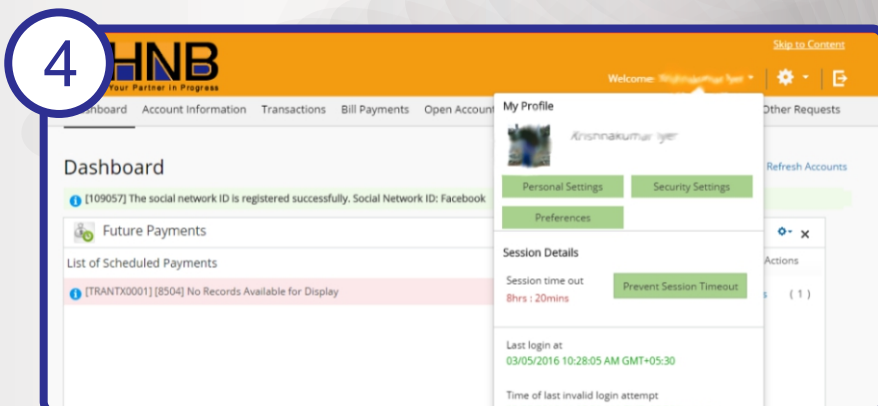

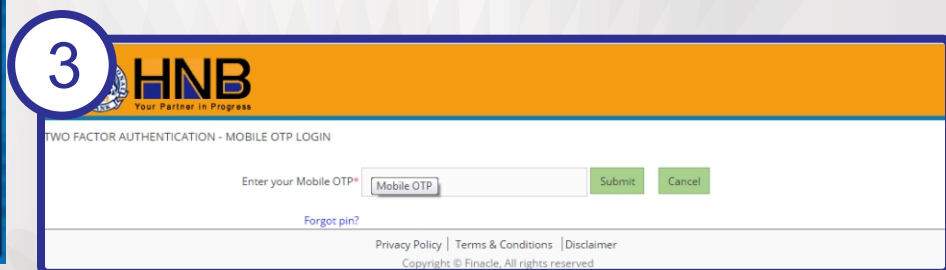

This is the hnb.lk homepage

Click on 'Login Using Facebook'. A disclaimer message will pop-up. Read, and if agreed, click on 'Click to proceed'.

In the following page, log into facebook. Click on 'Allow' for HNB to burrow details from your facebook account, such as your profile photo and name. In the next page, enter your internet banking User ID and click on continue followed by banks' OTP request via SMS/Mobile or hardware token.

This completes the registration process for facebook login. In future, you will be able to use your facebook user ID and password together with the OTP to access accounts.
